Dear Jerry,

The Maine Forest Service received your NRPA Permit by Rule applications on June 2, 2015 for the construction of a bridge across the outlet stream of Lily Lake on land you manage in East Machias, Maine (PBR 15006) and for the construction of a bridge across Ebenezer Brook on land you manage in Jonesboro, Maine (PBR 15007). The Permit by Rule (PBR) forms have been reviewed by the Maine Forest Service and were found to be complete.

The review of PBR 15006 and PBR 15007 by the Maine Forest Service finds that your projects as outlined in the applications will meet the requirements for the Permit by Rule, Chapter 305, Section 10 for the planned construction of both bridges. You may proceed with the projects as they have been described in the applications PBR 15006 and PBR 15007.

Please refer to the Permit by Rule standards for guidance to insure that the project meets or exceeds standards: <http://www.maine.gov/sos/cec/rules/06/096/096c305.doc>.

Please contact me if you have any questions.

Sincerely,

James Ecker
